DETAILED ACTION

1. This is in response to the Applicant's arguments and amendments filed on January 11, 2008 in which claims 1, 6, 7, 10-12, 17, 18, 21-32, and 43-52 have been canceled. Claims 33-42 are currently pending.

Allowable Subject Matter

2. After a further search and thorough examination of the present application and in view of the applicant's arguments and Examiner's amendments claims 33-42, renumbered as 1-10, are found to be in condition of allowance.

3. The following is an examiner's statement of reasons for allowance: the cited prior arts teach a hand-held computer device having symmetrically placed buttons on one side so that left or right handed operation by the grasping hand is easily achieved. The functions of buttons and the orientation of images on the display screen can be adjusted for right or left hand.

On the other hand, the Applicant teaches, inter alia, a portable digital device comprising processor for rotating the displayed information from a right-hand orientation to a left-hand orientation, and from the left-hand orientation to the right-hand orientation, wherein the right-hand orientation is for right-hand use of the portable digital device by the user, the left-hand orientation is for left-hand use of the portable digital device by the user, the first button provides a first operating function of the portable digital device in the right-hand orientation, and a second operating function that is a reverse of the first operating function in the left-hand orientation, the second button provides the second

operating function in the right-hand orientation and the first operating function in the left-hand orientation, the knob provides a third operating function for the portable digital device in the right-hand left-hand orientations and reverses orientation of the third operating function between the right-hand and left-hand orientations. These limitations, in conjunction with all limitations of the independent claim, have not been disclosed, taught, or made obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
